2. Fax: (866) 388-7419
3. Phone: (310) 538-0233 x138

Sponsored by:

**Pacific Gas and
Electric Company**

Course Fees: \$415.00 Member

\$520.00 Non-Member

Course Description:

**900– Principles of Real Estate Engineering
(Course Level: Core) (2 Day, 16 QEU / CEU)***

With the use of lecture, questions and answers, exercise methods and graphic illustrations, participants in this course will learn how to use engineering tools and will gain basic skills in reading and interpreting information contained on engineering plans. Participants will also learn how to read, understand and plot simple descriptions using the most common methods of property descriptions.

Course Facilitator:

Laura Henry Slye, SRWA began her career in 1981 as a cartographer (scriber) and mapmaker working for an aerial photogrammetric firm and a geological & cadastral surveying firm in Anchorage Alaska. She earned her associates degree in Civil Engineering in 1984, has worked for several private surveying and engineering firms and has spent most of her career in the public sector delivering capital road projects. Laura has over 30 years of experience in surveying, mapping, GIS, ROW, roadway design, construction inspection, and writing land descriptions for land acquisition. She earned her BA in Communications with a minor in Leadership in 2014. Currently, she is a senior right-of-way agent at Clark County Public Works located in Southwest Washington State. Laura excels at bridging the communication gap between engineers and everyday people and has a talent of explaining complex technical ideas in simple terms so others may understand. Finally, she is an active member in her local chapter of Toastmasters International.
